Funding Agent

I grew up in Northeastern Pennsylvania, and I was always working around trucks and equipment. At age eighteen, I operated and maintained my first tri-axle dump truck, hauling materials for my dad's business, and also hauling coal from the strip mines of Northeastern PA. When I turned twenty-one years old, I wanted to fulfill a childhood dream of becoming a State Trooper.

In July of 1984, I became a Maryland State Trooper, and, after twenty-two short years, five of which were spent in Commercial Vehicle Enforcement, I retired from MSP in 2006. I then started my own trash collection business in Hagerstown, MD, building a customer base of several hundred customers, and owning/operating three rear load garbage trucks. After owning and operating the business for several years, I sold the company to one of my competitors.

I was offered a position with Perry Funding LLC, and quickly learned that they conduct business with the utmost integrity, honesty, and that a funding deal is based on the customer's needs and goals.

This is something that I wanted to be a part of, and I sincerely look forward to doing business with you!

Best regards,  
Ron
